

## LAST DAYS OF MURDERED KING

### Were Spent in Terror.

### Servians' Unhappy Ruler Was Locked in His Bedchamber at Night

### While Palace Was Searched

### By Royal Guards Who Feared the Deadly Bombs and the Stealthy Approach of the Assassin—Quietude Reigns at the Scene of the Bloody Carnage.

Vienna, June 13.—It is now known that the late King Alexander lived in a state of terror during the last weeks of his life. Nightly, soldiers belonging to the Pioneers Division searched the palace from roof to cellar, peering into all dark corners for bombs. Each night the king was securely locked in his bed chamber by the adjutant in the presence of the palace commander.

It is also stated that for several weeks the late Queen Draga had prepared for flight, independent of the King, who is supposed to have been gradually growing reconciled to the project of his divorce from Draga and his marriage with Princess Xenia, of Montenegro. The conspirators are reported to have learned this, and fearing that the marriage would prove a continuation of the Obrenovitch dynasty, hurriedly commenced the task of extermination.

Lately King Alexander vainly tried to become reconciled with exiled Servians which also increased the anxiety of the conspirators.

Queen Draga's sisters were permitted to take a last look at the body of the late queen. They say the corpse was shrouded in white silk. The youngest of Draga's sisters was carried away unconscious.

In the late King's desk there was found, in addition to various interesting private papers, about \$10,000.

The Austrian foreign office pays scant attention to the reports that Prince Peter may renounce his claim to the Servian throne in favor of his oldest son. The officials here consider this quite improbable, and especially as it would necessitate a regency, which, under the present circumstances, would be dangerous. The chances of Prince Mirko, of Ymirko, are regarded as being slim.

Belgrade, June 13.—At midnight, last night, tranquility prevailed here. The streets had been practically deserted since 9 a. m. with the exception of small military patrols, which paraded the thoroughfares. The palace was guarded by a cordon of infantry, and all the ministerial residences in the vicinity of the palace were closely guarded by detachments of troops. A general feeling of cheerfulness pervades the city, and, according to reports, there, the country also the city, continues to be flagrant.

Former minister Tudorovich, has succumbed to his wounds. Minister of commerce Genshies, in an interview, said he considered that if there was any republican tendency in the cabinet, it was insignificant. The election of a ruler, he thought, could not occur before Tuesday, but it was almost certain prince Peter Karageorgievitch would be elected. Prince Mirko, of Montenegro, had no chance whatever.

M. Genshies, was reticent as to the events at the palace early on Thursday morning. He did not consider it expedient to publish an official account of what had transpired until matters had settled down. The minister added that since his accession to the late King Alexander committed constant errors, and lost his hold on

intervention. The war minister has issued a decree dismissing several military commands and appointing successors to their posts.

#### THE CARNAGE

Was Started by King Alexander When He Shot Naumovich.

Paris, June 13.—At the council of ministers today, foreign minister Delcasse, communicated to his colleagues telegrams from Belgrade saying that the provisional government had communicated to the Servian ministers abroad a formal notification of the new regime assumption of power and that the Servian authorities were determined to give the Skupshchina complete liberty of action in the choice of a King.

The Servian legation here has received a number of dispatches from Belgrade. They say no woman, except Queen Draga, was assassinated, and declare that it was not intended to kill her but to compel the royal pair to consent to a divorce. When they refused it was proposed that the King abdicate and depart with the Queen. He answered by shooting Colonel Naumovich, which brought on a general melee, resulting in various deaths. The Queen's sisters have been conducted to the frontier. The official Servian dispatches confirm the press and other statements to the effect that the provisional government has decided to leave the choice of a King to the Skupshchina.

The Patrio quotes M. Georgevitch, secretary of the Servian legation, as saying that Queen Draga was the chief cause of the uprising which was also due to popular resentment of King Alexander's course in establishing a legislative body without including in it any representative of the opposition.

#### IN PARIS

Report Concerning the Garrison of Nish Is Denied.

Paris, June 13.—The foreign office here today, received two despatches, direct from the French minister, at Belgrade, saying that the city and country are quiet, and that the Servian officials say it is established that there is no truth in the reports that a portion of the Servian army is marching to attack Belgrade.

#### TURKISH SULTAN

Cannot Listen to the Published Details Of the Tragedy.

Constantinople, June 13.—The terrible drama at Belgrade, caused stupefaction at the Yildiz palace. The Sultan was so affected that he was unable to listen to the details published in the newspapers, and only allowed those who conversed with him, to speak of the "death" of the King and Queen, of Servia, and would not permit them to mention the word "assassination." It is announced here, that King Charles, of Roumania, who was honorary colonel of the sixth regiment of Servian infantry, which perpetrated the massacres at Belgrade, has severed his connection with the regiment, which he considers has given such "horrible proof of lack of military honor."

#### THE POWERS

Not Inclined to Raise Any Difficulties, Says Russia.

St. Petersburg, June 13.—In official circles here, it is stated that none of the powers are inclined to raise any difficulties in recognizing the sovereign the Servian parliament elects, whose accession is calculated to end a dangerous condition, which might lead to anarchy. An official note giving the views of the government follows:

"The tragic events at Belgrade, have occasioned profound emotion in Russia, where there is the keenest interest in everything affecting the destinies of the Servian people. All the blood that has been shed can only awaken in Russia, a feeling of compassion, which in the present instance, is incredible; the fact that the king and queen of a friendly state, have fallen victims of a violent death and that the Obrenovitch dynasty, so closely bound up in the history of Servia, is now extinct. The most fervent desire prevails in Russia, that Servia, after this fearful crisis may

be able to pursue peacefully the course of her national life, in the direction which the patriotism Servian people and a proper conception of their supreme interests will indicate."

#### MURDERERS

Of the King and Queen, Must Be Punished, Says an Informant.

London, June 13.—A special despatch from Rome says a semi-official note published there, declares that whoever is made King of Servia, the powers will expect the punishment of the murderers of King Alexander and Queen Draga.

#### FOREIGN OFFICE

At Rome, Declares Powers Have Reached No Agreement.

Rome, June 13.—Prince Peter Karageorgievitch, has written an autograph letter to King Victor Emmanuel. Its contents are not generally known, but it is supposed that the Prince refers to his ascension to the throne, and asks what attitude Italy will take.

The foreign office here, denies that any agreement has been reached among the powers concerning Servia.

#### CONSPIRATORS

Find a Document With Evidence to Substantiate Justification.

London, June 13.—A special despatch from Belgrade says the draft of a bill, with marginal notes written by the late King Alexander, has been found in the palace. It provides for the proclamation of Queen Draga's brother as heir to the throne. This, the despatch adds, is held by the conspirators to be complete justification for their action.

#### EISENBAUM

Abandoned His Trip Across the Atlantic Ocean.

Had No Shelter Over His Small Dory and Fogs Encountered Gave Him Rheumatism.

Cloucester, Mass., June 13.—Ludwig Eisenbaum, who left Boston, three weeks ago, in a small open dory, to cross the Atlantic, has returned, and given up the trip. He went three hundred and fifty miles to the eastward, making the gulfstream. There was no shelter on the boat, and so much fog was encountered that Eisenbaum has been wet ever since he started. The result was that he became stiff with rheumatism, and was afraid he could not navigate the boat.

#### THE CANAL TREATY.

Penma, Columbia, June 13.—Senator O'Bardia and Dr. Samuel Quintero, and Senator Jos Maria Jovane, members of house of representatives, left here for Bogota. All three said they would do their best to obtain the ratification of the Hay-Herran treaty. The congressional delegation from Panama is composed of two Senators and four representatives, who favor the treaty and one senator and one representative who are opposed to it.

#### MILL EMPLOYES OUT.

Ashland, Ky., June 13.—Six hundred employees of the lumber mills here, and at Ironton, O., are out on a strike, demanding recognition of their union. It is reported that a strike will be inaugurated tomorrow, at practically every lumber mill between the Big Sandy river and Ironton.

## BANK MERGER IN SMOKY CITY.

Consolidation of Banks With Resources Amounting to Seventy-eight Million Dollars Is Being Projected.

Pittsburg, Pa., June 13.—Plans have been perfected for the formation in Pittsburg of one of the greatest combinations of banking interests ever undertaken in the country. By the deal, the Farmers' Deposit National Bank, Colonial National Bank, American Trust Company, Pennsylvania Trust Company, Columbia National Bank, Tradesmen's National Bank, Germania Savings Bank and Freehold Bank will be merged, making the largest and most powerful financial institutions between Philadelphia and Chicago. The capital of the new concern, which will be probably known as the Colonial Trust Co., will be \$7,000,000 with \$10,000,000 surplus and undivided profits and about \$55,000,000 deposits making total resources of \$72,000,000. T. Hart Given, the president of the Farmers' Deposit National Bank, will be the head of the new concern. It will take some days to work out the details of the merger so far as the other officers and directors are concerned, but the new institution will be backed by one of the most active and aggressive of the strong financial groups of capitalists west of New York.

## SENSATION IS CREATED

By Resignation of President Urga Dock Co., at Tokio, Japan.

Gunboats Built for the U. S. Rejected by Gov. Taft—An Alleged History of the Manchurian Secret Treaty.

Tokio, ay 25, via Victoria, B. C., June 13.—A sensation was caused today by the announcement that Mr. Tsukahara, president of the Urga Dock Co., had resigned his position in consequence of the failure of his company to turn out United States gunboats, for the Philippines government in accordance with specifications. The boats have been rejected by Governor Taft, and the remaining three are said to be equally inadequate.

The Japanese cruiser Sokio, which was one of the first warships captured from China, during the war of 1894, ran ashore May 22, during a snow storm off Shikotan, Nemuro province. The vessel does not appear to be much damaged, but is exposed to the storms. Nineteen sailors have been drowned or frozen to death.

The war ship which Korea had intended to buy from a Japanese company, has not been handed over to the

## THE WORK OF A FIRE FIEND.

Five Victims Claimed by Fire in a New York Flat.

Rags That Had Been Saturated With Oil Are Found Indicating the Deed of an Incendiary.

New York, June 13.—Five persons were burned to death, early today, in a flat building at 347 east 115th street. It is believed the fire was of incendiary origin. The dead: Therese De Cicco, aged 4 years. Camilo De Cicco, 2 years. Alfredo De Cicco, 4 months. Francisca Stamano, 8 years. Guiseppi Cipriano, 24 years. It is asserted by the police that the hallways of the building had been covered with oil, and that bundles of rags saturated with the same substance, also were found scattered about the place.

The fire was discovered by Lillio De Cicco who lives on the third floor of the building. He was caring for a sick child when he smelled smoke and looking into the hall, found it filled with smoke and flames. De Cicco's cries of "fire" aroused the other tenants, most of whom made their escape. De Cicco, with his wife and one child, were taken down a fire escape by a policeman, who tried to return for others but was surrounded by

## WILL FIGHT TO BITTER END.

Cooks and Waiters' Union Determined to Win Chicago Strike.

Efforts of Strike Promoters Will Now Be Directed to the Department Store Restaurants—Hotel Service Crippled.

Chicago, June 13.—With the union employees of twenty-six hotels, including practically all the large hotels in Chicago already on a strike, the officers of the Cooks and Waiters' union announce their intention this morning of again turning their attention to the restaurants, cafes and cafeterias. They have decided to stake the success of their movements for better working conditions and, if necessary, even the existence of their organization, on one effort that is to involve all the resources of their local and international unions. Particular attention, it is declared, is to be given the department store restaurants and their first move will be against them. While they did their work thoroughly among the hotels, the strikers have succeeded in crippling the hotel service only in part. Many of the affected establishments served breakfast with various degrees of success today, and already there is a noticeable influx of outside help, which is being taken on as fast as presented. These non-union employees, together with the small proportion of the help that has remained loyal, enable many of the hotels to care for their guests.

Many of the restaurant owners informed their employees today that those who obeyed the union and struck would be permanently discharged. Restaurant owners and hotel proprietors alike, have decided that unless the unions agree by Monday, to submit their grievances to arbitration, in all places where the employees have walked out so far, the union would be ignored and the employees treated only as individuals. Hundreds of business men today carried their lunches from home with them having learned that the hotel war would probably be extended to include all restaurants.

#### Arbitration Offer Refused.

Early in the day, George A. Schilling, in behalf of the National Civic Federation, appeared at the strikers' headquarters, and offered the services of that body to arbitrate the differences between the men and their employers. In addition to the regularly appointed arbitration committee of the Federation, it was proposed to invite John Mitchell to become a member, for this occasion, and to give him the deciding vote. The offer was refused by the strikers, they declaring that arbitration would be accepted only as a last resort.

#### To Complete the Tie-Up.

Attempts are being made to complete the tie-up of the hotels by stopping the delivery of supplies. Striking waitresses and chambermaids took a hand in the work, it apparently being believed by the unions that the appeals of the women would be of greater avail. Every effort on the other hand, is being made to prevent the pickets getting into communication with the employees, who have remained faithful, and the new recruits. Police guards are stationed at each hotel where the strike is on and a contingent is being held at Central Station ready to answer riot calls in event of disorders occurring. No violence however has been attempted.

#### TROOPS ORDERED OUT.

Frankfort, Ky., June 13.—One hundred members of the Kentucky state guard will be sent to Mayaville, on Monday, next, to protect the negroes in jail there, charged with an assault on J. B. Farrow, a prominent farmer.

#### A FLOOD IN THE EAST.

Port Jervis, N. Y., June 13.—The Delaware and Neversink rivers, are rising and serious damage is feared from the Doloware. Many small bridges have been washed away, along the mountain streams. There are few cities in the state the size of Lima, which can boast with better right, of its musical talent, and in no small degree, the credit of it belongs to Prof. Ed. Frey, who has nurtured and brought to a degree of perfection, a large class of pupils, during his dozen years of teaching in the city. The "Cadenza" a musical journal, with weight and influence in the musical world, contains the following complimentary notice of Prof. Frey and publishes the cut, which accompanied this article:

"Mr. Frey has endeared himself to many of our readers and subscribers who are acquainted with his excellent musical compositions—particularly those for the guitar—and it is but natural that many among the admirers of his musical productions should have a desire to see what manner of man he is who composes and writes so beautifully.

"Therefore it becomes our most pleasant duty to present the picture, as stated, and without further apology we will state we deem Mr. Frey one of the most gifted guitarists and composers for that instrument in America. As a violinist, too, he takes high rank, and while much of his time is taken up in giving instructions to pupils on the guitar and mandolin, he still finds time to lead an orchestra in the opera house at Lima and to compose the beautiful music for banjo, mandolin and guitar that is constantly being published. His is, indeed, an active body. A talented and gentlemanly exponent of music, long may he live in good health and spirits."

Owing to the fact that his time is so largely taken up with his orchestral work and with teaching, Mr. Frey has placed the sole selling agency of all his mandolin, guitar and banjo publications—present and future—with the C. L. Parter Music Co., of New York City, who will supply the same at all times.

Mr. E. H. Frey, of Lima, Ohio, is now so universally well known as an able teacher, composer, orchestral director and musician, that no extended comment on his work is necessary. His works speak for themselves, and it is certain that in the way of melodious, practical and instructive music for the mandolin, guitar and banjo—both for teaching purposes and for concert use—his compositions take high rank. Mr. Frey is very modest and it is seldom, indeed, that his portrait appears in print. Feeling, however, that he is entitled to all the good things that can be said of him, and that our readers would like to know more of his personal appearance and his work, we present his portrait in this issue, and also a little sketch of him that appeared in a musical journal some time ago:

His works speak for themselves, and it is certain that in the way of melodious, practical and instructive music for the mandolin, guitar and banjo—both for teaching purposes and for concert use—his compositions take high rank. Mr. Frey is very modest and it is seldom, indeed, that his portrait appears in print. Feeling, however, that he is entitled to all the good things that can be said of him, and that our readers would like to know more of his personal appearance and his work, we present his portrait in this issue, and also a little sketch of him that appeared in a musical journal some time ago:

There are few cities in the state the size of Lima, which can boast with better right, of its musical talent, and in no small degree, the credit of it belongs to Prof. Ed. Frey, who has nurtured and brought to a degree of perfection, a large class of pupils, during his dozen years of teaching in the city. The "Cadenza" a musical journal, with weight and influence in the musical world, contains the following complimentary notice of Prof. Frey and publishes the cut, which accompanied this article:

"Mr. Frey has endeared himself to many of our readers and subscribers who are acquainted with his excellent musical compositions—particularly those for the guitar—and it is but natural that many among the admirers of his musical productions should have a desire to see what manner of man he is who composes and writes so beautifully.

"Therefore it becomes our most pleasant duty to present the picture, as stated, and without further apology we will state we deem Mr. Frey one of the most gifted guitarists and composers for that instrument in America. As a violinist, too, he takes high rank, and while much of his time is taken up in giving instructions to pupils on the guitar and mandolin, he still finds time to lead an orchestra in the opera house at Lima and to compose the beautiful music for banjo, mandolin and guitar that is constantly being published. His is, indeed, an active body. A talented and gentlemanly exponent of music, long may he live in good health and spirits."

Owing to the fact that his time is so largely taken up with his orchestral work and with teaching, Mr. Frey has placed the sole selling agency of all his mandolin, guitar and banjo publications—present and future—with the C. L. Parter Music Co., of New York City, who will supply the same at all times.

Speaking of the recent biennial meeting in Rochester, she said many clubs all over our land were giving their talents to benefit their townspeople, and she made an eloquent plea for united effort upon the part of the various local clubs to give good concerts at low prices, so that all might benefit by them.

Miss Gwendolyn Lowery, of Ada visited her grandparents, Mr. and Mrs. J. E. Lowery, this week.

Pinkham's Vegetable Compound faithfully according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful. I have also advised a number of my friends to take Lydia E. Pinkham's Vegetable Compound, and they have never had reason to be sorry. Yours truly, Mrs. MARY FAIRBANKS, 218 South 7th St. Minneapolis Minn. (Mrs. Fairbanks is one of the most successful and highest-salaried traveling saleswomen in the West.)

# WOMEN AND WORSE.

MISS MATTHIAS TELLS RESULT OF EFFORTS IN HER BEHALF.

Gives a Graphic Description of Her Trouble and Says She Expected to Be Dead Before This.

"In spite of the efforts of my family and friends I grew worse and worse," says Miss Millie Matthias, a music teacher, living in Huxtontown, Fulton county, Pa. "My trouble was a long-standing case of anemia, or bloodlessness, and if it had not been for Dr. Williams' Pink Pills for Pale People I would today be numbered with the dead. I had been a victim of anemia since I was 10 years old and in spite of all they did for me, it grew worse and worse, until I began using Dr. Williams' Pink Pills for Pale People and I could not eat, for nothing would stay on my stomach but milk and a few bites of bread. I was very short of breath and the least exertion tired me out. At times I could scarcely get my breath at all. My limbs were always tired. I was so nervous I could scarcely be still and the dull headache, which I had all the time, grew worse until I could hardly endure the pain and I would scarcely know what I was doing. Frequently I was confined to my bed a week or so at a time and finally I went to bed and stayed there for three months. It had not been for Dr. Williams' Pink Pills for Pale People I don't believe I ever would have got up."

It was while I was so low that I began taking this remedy and after using the pills a week I had relief. I took them three months and they cured me. It is due to Dr. Williams' Pink Pills for Pale People that I am alive today. Anemia the disease from which Miss Matthias suffered comes on so gradually that it is advisable to begin treatment as soon as the first symptom is noticed to prevent its becoming deep-seated and persistent. The disease is characterized by a pallid complexion, pale lips, dull eyes, tongue and gums, bloodless shortness of breath on slight exertion—especially of the heart, feeling of impending death, weakness, and loss of appetite and ambition.

Dr. Williams' Pink Pills for Pale People have proved themselves a specific for anemia and have cured hundreds of cases where ordinary medicine have utterly failed. Act on both on the blood and nerves they have also cured stubborn cases of rheumatism, locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, nervous headache, the after effects of the grip of fever and of other acute diseases, palpitation of the heart, pale and sallow complexions, and all forms of weakness, either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers or will be sent postpaid on receipt of price fifty cents a box, six boxes two dollars and fifty cents by addressing Dr. Williams' Medicine Co. BASIS FOR HARMONY.

The Republicans of Ohio have found a basis for harmony in Roosevelt and trust rule. The president was formally endorsed, but his former sentiments for reciprocity and tariff reform were severely squelched. Reciprocity was disposed of by a declaration of opposition to any attack on "this protective policy, whatever the pretext," and this is the adopted language of the tariff league and all the trust organs that have been fighting reciprocity. There is no room left for "the Iowa idea." Even the reciprocity of Blaine and McKinley is put out of the field of possibility. The protected trusts are notified by this harmony program, in which the Ohio representatives of President Roosevelt were the controlling factors, that our strenuous president would eat the leek, and to put the matter beyond question this plan was adopted. Combations for the monopoly of trade and kindred unlawful purposes are directly amenable to penalties provided by republican legislation, and their vigorous enforcement in the courts, no worthy interest is imperiled, but whatever will work public harm is restrained and that without regard to the democratic plan of destroying all American industries throughout tariff revision or otherwise. If further legislation should be found necessary, the republican party can be depended upon to enact and enforce it with equity and safety in every legitimate interest. "No worthy interest is imperiled" is the answer given to the tobacco dealers the independent iron and steel manufacturers, the farm implement makers, the millers and the dozens of other commercial and industrial organizations that have been protesting against trust opposition. Presumably they are unworthy interests. And to make the Wall Street interests still more secure, they are assured that the republican party, "having given to the people the only banking system that operates uniformly everywhere without loss and at lowest cost, should now endeavor, within safe lines, to stimulate local bank circulation, thus securing an elastic currency supply commensurate with business demands, and we favor well-guarded legislation to this end." Why should not Hanna and Foraker become glamear twins on such a platform? The one gets all that the po-

Michigan baseballers are demanding and the other gets the assurance of the political patronage that will enable him to succeed himself as senator. With such a division of the anticipated spoils the bitterest political enemies may well sit down at a common board and smack their lips over the hoped-for feast.—Indianapolis Sentinel.

No Life, No Energy No Ambition.

These are common expressions nowadays and the finger points that point with unfailing accuracy to a nervous system robbed of its vitality by over-exertion, overstrain or excess of some kind. That anyone should allow this condition to go on to complete mental, physical or sexual ruin as it surely must if neglected, is a positive crime when the cure is at hand in Dr. A. W. Chase's Nerve Pills—a medicine designed expressly for this condition—a medicine that cures to stay cured—by restoring the very essential of life.

Mrs. L. Hanson, of No. 433 north Elizabeth street, Lima, Ohio, says: "As a good general tonic to nerves and system—one that rebuilds, gives life, energy and ambition, strength and steadiness to the nerves as well as gives restful sleep we can recommend Dr. A. W. Chase's Nerve Pills. We got at Melville's Drug Store. We found they had all of these properties, and like them very much." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. TWO SHOTS WERE FIRED

By Goodloe Combs, the Soldiers' Guide at "Something in the Road"

And When the Home of Freeman Was Reached That Feudist Had Made His Departure—The Jet and White Trial.

Jackson, Ky., June 13.—Court was convened this morning, by Judge Redwine, and the trials of Jet and White, charged with the assassination of attorney James B. Marcum, were resumed. Commonwealth attorney Byrd stated that the detail sent out last night to arrest and bring into court, Henry Freeman, a badly wanted witness had returned without the man. Lieutenant Cannard and Deputy Whitaker, sent by the commonwealth, say that Goodloe Combs, went along on the orders of Judge Redwine, and, to the surprise of the soldiers, when within a hundred yards of Freeman's house, he ran ahead, and fired two shots. He claimed that he saw something in the road. When the soldiers arrived at Freeman's house, he was not there. Evidences that Freeman had run away, when he heard the shots, were that some garments had been left behind, and his imprint in the bed was fresh. His wife admitted that he had been there, and she was held, but Judge Redwine refused to have her as a witness. The anti-Harris people say that Freeman is an important witness, and they feel that he has been hired to remain away from court. Mr. Byrd says he would have to close the case without Freeman, and submitted the case of the Commonwealth. Attorney O'Neill for the defense, moved for pre-emptory instruction dismissing the defendants. Judge Redwine excused the jury to hear the arguments on the motion. Attorney Golds made a lengthy address, and by his vigorous manner, showed none of the effects of the illness on which he asked for a continuance of the case yesterday. Thomas Marcum took his first prominent part in the case by replying to the motion. His reply was very strong, and intensely dramatic. O'Neill replied to Marcum. The motion to instruct the jury to acquit White was overruled. White heard the arguments with tears in his eyes. He was extremely nervous, when they closed.

WASHINGTON POST OFFICE.

Investigation of Civil Service Commission Concluded.

Washington, June 13.—Chairman of the civil service commission, today, submitted to Postmaster-General Payne, the report made by the commission at the request of the Postmaster-General with reference to the charge of violation of the civil service regulations in the Washington postoffice. The inquiry included the following points:

1. Whether all of the employees outside the force of carriers were regularly in the service and entitled to their positions.
2. Whether the civil service rules had been observed in the employment and assignment of laborers.
3. Whether there had been a general observance of the civil service law and rules in the administration of the Washington postoffice, during the incumbency of the present postmaster. In addition to the report proper and a transcript of the testimony taken Mr. Proctor, presented a summary of the findings.

The investigation was made in response to the following letter dated May 4, from the postmaster general to the commission:

"I should be pleased if you would have one of your examiners detailed to make an investigation of the Washington city postoffice, with a view of ascertaining whether or not the civil service law and regulations have been and are being complied with in the administration of that office." Mr. Proctor was in conference with postmaster general Payne for an hour, today, regarding the report. Later Mr. Proctor in a verbal statement to newspaper men, said that in all his experience with the postoffice, he had had less trouble since Mr. Payne's incumbency, than at any other time. The Postmaster-General gave out the following statement regarding the report: "Attention is called to the fact that since my incumbency of the position of postmaster general the civil service can report that there have been but ten persons transferred to the Washington city postoffice by appointment from smaller offices, and that those ten were appointed to their respective places six months or more prior to their transfer, which is compliance with the law, rules and regulations of the civil service, as they now exist. "It will be noted that the committee reported that every person occupying a competitive classified place in the Washington postoffice is thereby entitled to a certificate regularly issued by the civil service commission. "Regarding unskilled laborers, which have not been subject to classification, it is proper to say that there has been much consideration of this question on the part of the civil service commission and the department and many conferences have been had on this subject. "On July 2nd, 1902, an agreement was reached and regulations adopted which were agreed to by the civil service commission and the report which will do away with all cause for complaints, as to irregularities in the appointment of this class of employees. "The point raised by the report regarding the promotion of certain employees in the office which has been directed by the department occurred previous to January 1, 1902. No such directions for promotion are referred to have been authorized by me since I have been postmaster general." Mr. Payne stated today, that he expected to make public by Tuesday or Wednesday, abstracts of the reports of the Postoffice Department inpector who recently investigated the Washington office; a similar report made by the inspectors during former Postmaster General Charles Emory Smith's administration and the reply of Fourth Assistant Postoffice General Bristow, to the Tulloch charges.

### Andy Shuler

An Old C. H. & D. Em-  
ployee Goes to Rest,

After a Quarter of a Century  
Devoted to Work Laid  
Out for Him.

A Sudden Stroke of Paralysis Early  
Yesterday Evening, Resulted  
in His Death Shortly  
Before Midnight.

The sudden death last night, of Andrew Shuler of 113 east North street, was a shock to his family and to the community, where he has lived for the past twenty years. Mr. Shuler has been employed in the C. H. & D. shops, for the past twenty years, and has for several years past, had charge of the bolt room. About three o'clock yesterday, Mr. Shuler complained to a fellow employee of feeling ill. The former left the bolt room to call assistance, and on his return, found Mr. Shuler, lying upon the floor in an unconscious condition. Bennett's ambulance was summoned, and Mr. Shuler was removed to his home, 713 east North street, where he died at 10:45 o'clock last night. Mr. Shuler never regained consciousness from the time he was stricken, until death relieved him. The physician, who was summoned, attributed the cause of death to the bursting of a blood vessel in the brain.

Mr. Shuler was born in Seneca county, O. March 22, 1849. He removed with his family to this city, twenty years ago, and was a sturdy, industrious citizen, respected and well-liked by all who knew him. He was a full rate member of St. Patrick's Branch No. 23, Catholic Knights of Ohio in which he carried \$2,000 insurance. To mourn his untimely death, are his bereaved widow and seven children as follows: Mrs. Frank McComb, of 797 east North street; Andrew Shuler Jr., of 122 east McKibben street; Mrs. Thomas Gagin, of 633 east Findlay street; and Mae, Edna and Raymond, who live at home. The family have the sincere sympathy of their many friends, in their sad and irreparable loss.

The last sad rites over the remains will be held at St. Rose church, Monday morning at 8:30 o'clock. Branch No. 23, C. K. of O., will attend the funeral in a body. The interment will be made in Gethsemane cemetery.

It warms the heart like sunshine, cheers the soul like ancient wine, gives hope for the future, bids out the past. That's what Rocky Mountain Tea does.

Problem of the Water  
Works Improvement

Still Troubling the Members  
of the B. P. S.

The Board Visited Findlay Yesterday to Investigate an Improvement There and to Tell Its Troubles.

The water works improvement proposition is still a very knotty problem for the board of public service to unravel, each day bringing forth but little encouragement for a satisfactory solution of the situation. Yesterday the members of the board visited Findlay to investigate the water situation there. Concerning their trip the Findlay Courier says:

"The members of the board of public service and the city engineer of Lima, visited this city Friday and inspected the Limestone Ridge water line that is being laid by Contractors Duil & Hennessy. The gentlemen secured a rig and drove as far east as the ridge. They were accompanied by Auditor Demland and City Engineer Reigle.

"The members of the board say that Lima is confronted with a question similar to the one that has been puzzling the local water works trustees for the past year. It will be solved in the same manner, and the board is making an investigation to determine whether or not to construct a line of vitrified tile or cast iron.

After the trip over the line many favored the former material. The visitors left on the afternoon train.

"The members of the board of public service informed a Courier reporter that they were having trouble of their own in the Allen county metropolis. Since the board took their seats early in May, they have held daily sessions which sometimes extended into the night. The local board hasn't been working so hard."

#### THE AMERICAN MAN

Of the Glacial Age.

The scientific evidence is continually becoming stronger that man existed in America in the Glacial Age. That is, in the remotest prehistoric days. He belonged to a race entirely distinct from the Indians, and there are apparently no descendants of his among the present so-called Aborigines of the American Continent.

From the Glacial Period in the present day nothing has ever been discovered that has such wonderful power over disease as Dr. Burkhardt's Vegetable Compound. Chronic cases of Rheumatism, Catarrh, Constipation and disease of the blood can be cured with this remedy where everything else fails. 30 days treatment 25c. All druggists.

## "JACK"

Of the Clipper Kind  
Is at Large.

### Lady Operator

While Returning Home  
From Work,

Was Robbed of a Wealth of  
Hair by An Unknown  
Assailant.

Misses Mary Lundy and Martha Comer the Victims of a Very  
Exciting Experience  
Last Evening.

The police are looking for a new species of criminal, who may be appropriately dubbed "Jack the Clipper". Last evening as two young ladies, who reside on the east side, were on their way home, they were unexpectedly accosted by a stranger, who, after choking one, grabbed the other, and, with a knife, severed from her head a wealth of hair that was hanging in plaits, over her shoulders.

The unfortunate young lady who was robbed of her hair, was Miss Mary Lundy, daughter of Mr. and Mrs. David Lundy, of Prospect avenue. She is employed by the Lima Telephone Co., as an operator, and, in company with Miss Martha Comer, a friend, was on her way home from the telephone exchange, when the assault occurred. When east of the new school building on east High street, an unknown man who had been following the girls stealthily, suddenly grabbed Miss Comer, and choked her severely, leaving the marks of his fingers on her throat. He held her only an instant, and then grabbed Miss Lundy, and before either of the girls realized the situation, the assailant's sharp bladed knife had robbed Miss Lundy of her hair. The fellow then beat a hasty retreat, and disappeared in an alley, pursued by Charles Brighton and other men, who were both soon distanced. The young ladies who were terribly frightened, were taken into the home of Mr. and Mrs. E. W. Mosler.

The behavior of the man indicates that his only purpose in making the assault, was that which he accomplished in cutting of Miss Lundy's hair. The police were notified and were given a description of the man, but there is no clue to his identity.

#### INDIANS

Rallied in the Eighth and  
Scored Five Runs.

Paulding Finally Goes Down in  
Defeat Before the Wapakoneta  
Team—Score, 5 to 3.

Wapakoneta, O., June 12.—Paulding went down to defeat yesterday, before the Wapakoneta Reds, on the home grounds. The visitors had the best of it when a batting rally in the eighth, netted the Reds five runs. This makes five victories against first class teams for the home boys this week. The score:

Paulding 0 0 0 0 1 0 0 1—5 2 5  
Wapak. 0 0 0 0 0 0 0 5—5 6 3  
Batteries, Wann and Tuttle; Van Anda and Green. Struck out by Wann 6, by Van Anda 8. Earned runs, by Paulding 1. Wapakoneta 3. Stolen bases, Wapakoneta 2. Double plays, Wapakoneta 2. Eichler to Nippert; Eichler to Nippert to Johnson. Umpire, Hansemeyer.

Another Defeat.  
The Buckeye boys made another unsuccessful attempt to defeat the Bankers, in a game on the Haller street grounds, yesterday afternoon. The contest was not of the kind the two rival teams have been in the habit of putting up, and errors were more frequent than runs, although there was a total of 32 of the latter.

Six innings were played and the score resulted 18 to 14 in favor of the bankers. The batteries were Slonker and Brown for the bank, and Laypin and Klumpke, for the Buckeye. Another game will be played next Friday.

## NEPHEW

Of the Pastor of St.  
Rose Parish

To Conduct His Second Cele-  
bration of Mass, Here.

Rev. Alfred J. Manning, Ordained  
by Bishop Horstmann Last  
Week, Will Officiate at  
Solemn Mass.

Rev. Alfred J. Manning, a nephew of Rev. A. E. Manning, pastor of St. Rose church, who was ordained to the priesthood, in St. John's Cathedral, Cleveland, last Saturday, by Bishop Horstmann, will be the celebrant of a solemn high mass, tomorrow, at St. Rose church, which will begin at 10:30 o'clock, standard time. The newly ordained priest will be assisted in the solemn celebration by his uncle, Rev. A. E. Manning, and Rev. E. A. Kirby, D. D. At 7:30 o'clock Sunday evening, Rev. A. J. Manning, will celebrate solemn Vespers, and benediction. The choir will, at both of these services, discourse special music, fitting to the occasion. The people of Lima, both Catholic and non-Catholic, are cordially invited to attend.

Concerning the newly ordained priest's first celebration of mass, in which the pastor of St. Rose parish, this city assisted, the Catholic Universe, of Cleveland, says:

"The ceremonies accompanying the celebration of the first mass of the Rev. Alfred J. Manning, at the Cathedral, were especially impressive. The Rt. Rev. Bishop was present during the mass, and at its close, said a few words appropriate to the occasion and imparted the Episcopal benediction. "Father Manning was assisted by his uncle, the Rev. A. E. Manning, of Lima. Rev. T. C. O'Reilly, D. D., was deacon; Rev. J. P. O'Connell, subdeacon, and Rev. P. Farrell, D. D., master of ceremonies. The church was brilliantly illuminated, the altars massed with flowers, and the music of special excellence.

"Dr. Farrell preached an able and thoughtful sermon, from the text: "The Lord hath sworn and He will not repent: Thou art a priest forever according to the order of Melchisedech." Dr. Farrell spoke of the reverence which all ages and all peoples have given to those set apart for the ministry of religion. He dwelt upon the joy and pride of parents who give priests to the altar and of the parish which sends forth preachers of the gospel and dispensers of the sacred mysteries to bless the world.

"It is a wonderful thing," said Dr. Farrell in his peroration, "yesterday prostrated before the altar, today holding the chalice for the first time. Yesterday he stood at the feet of learned men, hanging upon their lips, learning the doctrine which they had to teach. Today his place is in the pulpit of the church, and men must bow their heads to him, and listen to his doctrine because in him, is Christ preaching, and like Christ he preaches both with authority. Yesterday we greeted him with some familiar name of his boyhood; today his father and mother, even though they look upon him with familiar glances, and with affection in their hearts, are awed by the wonderful change that has come upon him and will greet him with the title of father. Only yesterday, he was but a boy in experience, and in years, today he has the solemn right to claim that the most private secrets of your hearts shall be subject to his decision in the confessional. Then he was a layman in the house of the Lord; today he sits in the tribunal and his hand trembles as he raises it, and considers that he must give to that soul life or death, that he must reject or receive the penitent that kneel before him."

"Father Manning solemnized Vespers in the cathedral, Sunday evening, and gave his blessing to the congregation at the end of the services. Rev. T. C. O'Reilly, D. D., preached an earnest and forcible sermon."
